Issimo app*

The APP to control the **Issimo** E-bike. Many functions for your Smartphone.

The APP provides the GPS Tracking position in real time of **Issimo** on the road, with notification/warning on your Smartphone, even if it is removed from its parked position, like an anti-theft device.

You can also associate multiple smartphone users to the same **Issimo** E-bike, so that a group of members can share.

The App allows you to view information such as the analog-style speedometer, vehicle and battery level power status, satellite navigation and traffic usage statistics, directly on your smartphone with the possibility of sharing on Social Media.

* App available only in the **Issimo "Urban Connect"** model.
